

JOINT LEGISLATIVE COMMISSION
ON MUNICIPAL INCORPORATIONS

REPORT TO THE
GENERAL ASSEMBLY
OF NORTH CAROLINA

Colfax Area

December 18, 2000

REPORT TO THE GENERAL ASSEMBLY
PROPOSED INCORPORATION OF THE
TOWN OF COLFAX
DECEMBER 18, 2000

The Joint Legislative Commission on Municipal Incorporations was created in 1986 by the General Assembly to conduct an independent review and evaluation of proposed municipal incorporations. This evaluation, to be conducted in accordance with a statutory set of objective criteria, is designed to allow the General Assembly to see the feasibility of the proposed new municipality. The Commission consists of four members of the General Assembly, one city official, and one county official. A list of members appears as Appendix A.

The statutory criteria require a review of community support, (a petition is required) population, land development, nearness to other urban areas, and ability to provide municipal services at a reasonable tax rate. A copy of the statutes authorizing the Commission and setting up the review standards is attached as Appendix B.

The Commission received a petition proposing the incorporation of the Town of Colfax in Guilford County on June 23, 1999. Because of deficiencies, the petition was returned to the proposed Town. The deficiencies were subsequently addressed and the petition was resubmitted to the Commission at its meeting on March 8, 2000. A copy of the petition is attached as Appendix C.

The Commission, pursuant to G.S. 120-161, asked the Division of Community Assistance of the Department of Commerce to evaluate the petition. The Division conducted the evaluation and, based upon its report, the Commission on March 8, 2000 found that the requirements of G.S. 120-163 and G.S. 120-164 had been met (a copy of the report is attached as Appendix D).

The Commission further asked the Division of Community Assistance to evaluate the proposed Town's petition for incorporation under G.S. 120-166 (a copy of the report is attached as Appendix E). The Division conducted the evaluation and determined that the Cities of Kernersville, High Point, Greensboro, and Winston-Salem have not expressly approved the incorporation of the proposed Town of Colfax as required by G.S. 120-166(b)(3). The City of Kernersville, by resolution, and the City of Greensboro, by letter, have expressed their opposition to the incorporation of Colfax (See Appendix E).

The Division also evaluated the proposed Town's petition under G.S. 120-167 through G.S. 120-170 (a copy of the report is attached as Appendix F). The Division found that the statutory requirements had been met, except G.S. 120-168, "Additional criteria; development." The Division determined that 25.5

percent of the subject area is developed rather than the 40 percent required in the statute. The Division further found that although the proposed Town proposes to provide two of the services required under G.S. 120-169.1, the petition did not include a plan for providing the services.

The Commission finds that the proposed Town of Colfax does not meet the standards required by Article 20 of Chapter 160A of the General Statutes, and therefore the Commission does not recommend incorporation of the area as the Town of Colfax.

PART 2. Procedure for Incorporation Review.

§120-163. Petition.

(a) The process of seeking the recommendation of the Commission is commenced by filing with the Commission a petition signed by fifteen percent (15%) of the registered voters of the area proposed to be incorporated, but by not less than 25 registered voters of that area, asking for incorporation.

(b) The petition must be verified by the county board of elections of the county where the voter is alleged to be registered. The board of elections shall cause to be examined the signature, shall place a check mark beside the name of each signer who is qualified and registered to vote in that county in the area proposed to be incorporated, and shall attach to the petition a certificate stating the number of voters registered in that county in the area proposed to be incorporated, and the total number of registered voters who have been verified. The county board of elections shall return the petition to the person who presented it within 15 working days of receipt.

(c) The petition must include a proposed name for the city, a map of the city, a list of proposed services to be provided by the proposed municipality, the names of three persons to serve as interim governing board, a proposed charter, a statement of the estimated population, assessed valuation, degree of development, population density, and recommendations as to the form of government and manner of election. The proposed municipality may not contain any noncontiguous areas.

(d) The petitioners must present to the Commission the verified petition from the county board of elections.

(b) The petitioners shall also publish, one per week for two consecutive weeks, with the second publication no later than seven days before submitting the petition to the Commission, notice in a newspaper of general circulation in the area proposed to be incorporated of the intent to present the petition to the Commission.

§120-165. Initial inquiry.

(a) The Commission shall, upon receipt of the petition, determine if the requirements of G.S. 120-163 and G.S. 120-164 have been met. If it determines that those requirements have not been met, it shall return the petition to the petitioners. The Commission shall also publish in the North Carolina Register notice that it has received the petition.

(b) If it determines that those requirements have been met, it shall conduct further inquiry as provided by this Part.

The amendment is applicable to annexations for which the resolution of intent is adopted on or after November 1, 1998, and shall not apply to any incorporation proposal originally presented to the Joint Legislative Commission on Municipal Incorporations prior to that effective date.

(a) If the Commission finds that it may not make a positive recommendation because of the provisions of G.S. 120-166 through G.S. 120-170, it shall make a negative recommendation to the General Assembly. Town History

The History of The Town of Colfax

Originally founded by the Friends or Quakers in the 1700's, the town was originally called the Dover Community. The Dover School, played an important role in the life of the community. Some adults organized a debating society and held their debates in the Dover school. The Dover Debating Society was active for many years. Their debates were educational, stimulating reading and thinking in the community, entertaining, and always well attended. Some of the active members of the debating team were instrumental in convincing the Dover Community to change its name about 1900, to Colfax, in honor of the prominent political leader, Schuyler Colfax.

Schuyler Colfax (1823-1885), served as Vice President of the United States, from 1869-1873, during the first term of President Ulysses S. Grant. Schuyler Colfax was an active leader of the Whig and Republican parties and a prominent member of Congress.

The Honorable Mr. Colfax was elected to the United States House of Representatives in 1855, and remained there for 14 years. He joined the new Republican Party and became Speaker of the House in 1863. Colfax held the post until he was inaugurated Vice-President of the United States in 1869.

There were several noted historical events, which occurred during Schuyler Colfax's term in Washington. In 1869, two months after Schuyler Colfax become Vice- President, the nation's first transcontinental railroad was completed. In October, 1871, the great Chicago fire killed about 300 persons and left more than 90,000 homeless. In 1872, congress established Yellowstone National Park, the first national park in the United States. Alexander Graham Bell invented the telephone in 1876. That same year, in the Battle of the Little Bighorn, Sioux and Cheyenne warriors massacred about 225 men under General George A. Custer.

A new grade school was built in Colfax around 1905, and the Dover School was discontinued. Although weathered somewhat, the old Dover School House still resides in the Colfax community.

Dear Mr. Cummings:

Thank you for conducting a household-count and providing the total number of households for the proposed Town of Colfax, NC. Using this count and census data, we estimated Colfax's total population to be 2,860 persons. In addition, we used our Geographic Information System (GIS) to print out a current zoning map, which includes the proposed town boundary. Our GIS also calculated the town's total area to be 7,731 acres and calculated the degree of development for the various land uses (see attached chart). Although the chart shows a large amount of agricultural land use, much of the 5,773 acres of agricultural land shown includes rural residential land use.

If you need any additional information, you may contact me at 373-3060, or Jim Morrison, Chief of the Planning Section, at 373-3635.

Sincerely,

Colfax, North Carolina 27235

Dear Mr. Cummings:

Following a cursory review of our tax records which was conducted at your request, Jenks Crayton (Guilford County's tax director) has estimated that the value of taxable property in Colfax amounts to approximately \$124,000,000. However, it should be understood that this estimate is not based a detailed study and that a truly accurate figure could be determined only by the employment of a much more structured approach.

Despite the abbreviated nature of our review, we trust that the information provided will be useful to you in the incorporation process.

Yours truly,

Francis H. Kinlaw
Assistant to the Tax Director

GUILFORD COUNTY

I hereby certify that the attached petitions for the incorporation of the Town of Colfax have been checked against the registration records of the Guilford County Board of Elections and that 809 names of qualified registered voters within the boundaries proposed to be incorporated were found affixed thereto. I further certify that the estimated number of registered voters within the proposed town boundaries is 1,200.

**Assessment of Petition
by
Town of Colfax
for
Incorporation**

Relative to NC G.S. 120-163 and NC G.S. 120-164

**North Carolina Department of Commerce
Division of Community Assistance**

Division of Community Assistance staff has reviewed the petition for incorporation from the Town of Colfax as it relates to NC G.S. 120-163 and NC G.S. 120-164. These sections of the General Statutes refer to the petition and notification requirements.

G.S. 120-163 (a) requires that a petition be signed by 15% of the registered voters (but by not less than 25 voters) of the area asking for incorporation. The proposed Town of Colfax has submitted a petition with signatures.

G.S. 120-163 (b) requires that "[t]he petition must be verified by the county board of elections of the county where the voter is alleged to be registered. The board of elections shall cause to be examined the signature, shall place a check mark beside the name of each signer who is qualified and registered to vote in that county in the area proposed to be incorporated, and shall attach to the petition a certificate stating the number of voters registered in that county in the area proposed to be incorporated, and the total number of registered voters who have been verified. The county board of elections shall return the petition to the person who presented it within 15 working days of receipt." G.S. 120-163 (d) requires that the petitioners must present to the Commission the verified petition from the county board of elections. The petition submitted by the proposed Town of Colfax has been verified by the county board of elections. (Note: Beside some of the signatures on the petition, yes, or y was used instead of a check mark).

G.S. 120-163 (c) requires that the petition must include a number of items. These are:

- A proposed name for the city. The petition of the Town of Colfax does include a proposed name.
- A map of the city. The petition of the Town of Colfax does include a map.
- A list of proposed services to be provided by the proposed municipality. The petition of the Town of Colfax does include a list of proposed services.
- The names of three persons to serve as interim governing board. The petition of the Town of Colfax includes the names of a mayor, mayor pro tem and three council members to serve as interim governing board.
- A proposed charter. The petition of the Town of Colfax does include a proposed charter.
- A statement of the estimated population. The petition of the Town of Colfax does include a statement of the estimated population.
- Assessed valuation. The petition of the Town of Colfax includes an estimate of assessed valuation.
- Degree of development. The petition of the Town of Colfax does include degree of development.
- Population density. The petition of the Town of Colfax does include population density.
- Recommendations as to form of government and manner of election. The petition of the Town of Colfax does include recommendations as to form of government and manner of election.

According to G.S. 120-163, the proposed municipality may not contain any non-contiguous areas. According to an examination of the map presented with the petition, the proposed Town of Colfax does not contain any non-contiguous areas.

According to G.S. 120-164, not later than five days before submitting the petition to the Commission, the petitioners shall notify:

- (1) The board or boards of county commissioners of the county or counties where the proposed municipality is located.
- (2) All cities within that county or counties.
- (3) All cities in any other county that are within five miles of the proposed municipality of the intent to present the petition to the Commission.

A statement that "All Guilford County municipalities, Guilford County Commissioners, Forsyth County Commissioners, and the Town of Kernersville were informed of our intention to incorporate the Community of Colfax, North Carolina at least five days prior to submission of the petition" was included. There were letters or resolutions included from the county and many of the municipalities in Guilford County. There was no indication in the original material that Winston-Salem (which is within five miles of the proposed Town of Colfax), Greensboro, or Archdale had been notified. Colfax has now submitted copies of notification letters to these municipalities.

According to G.S. 120-164, "[t]he petitioners shall also publish, one per week for two consecutive weeks, with the second publication no later than seven days before submitting the petition to the Commission, notice in a newspaper of general circulation in the area proposed to be incorporated of the intent to present the petition to the Commission."

A statement that public notice will be delivered prior to your next meeting in four weeks was included.

**Assessment of Petition
by
Town of Colfax
for
Incorporation**

Relative to NC G.S. 120-166.

**North Carolina Department of Commerce
Division of Community Assistance**

Division of Community Assistance staff has reviewed the petition for incorporation from Colfax as it relates to NC G.S. 120-166. That section of the General Statute refers to the nearness of the proposed new 'Town of Colfax' to other municipalities. Part (a) of that section sets criteria based on the nearness of the proposed new town to existing municipalities and their respective populations. Note that the General Statute requires that the population values be in accordance with the most recent decennial federal census, or according to the most recent annual estimate of the Office of State Budget and Management if the municipality was incorporated since the return of that census. These relationships are presented in the following table.

Critical Distance	Population of Neighboring Municipality
1 mile	5,000 to 9,999
3 miles	10,000 to 24,999
4 miles	25,000 to 49,999
5 miles	50,000 and over

The City of Greensboro (population 183,894), the Town of Kernersville (population 10,899), the City of High Point (population 69,428), and the Town of Oak Ridge (population 2,548) are municipalities within one (1) mile of the proposed boundaries for Colfax; Greensboro, High Point, and Kernersville exceed the neighboring municipal population threshold. There are no additional municipalities within three (3) miles of the proposed boundaries of Colfax. No additional municipalities are within four (4) miles of the proposed new town. Winston-Salem (population 143,485) is within five (5) miles of the proposed new town and it exceeds the neighboring municipal population threshold.

The proposed new Town of Colfax is not entirely on an island so Subsection (b)(1) does not apply. Colfax is not separated by a major river or natural feature from a nearby city so Subsection (b)(2) does not apply. Finally, the petition indicated no evidence that Subsection (b)(4) applies (a petition for annexation to nearby city that was not approved).

Please note that the metes and bounds description and map presented in the petition were not completely consistent. Please also note that none of those inconsistencies affect the outcome of this assessment of the petition relative to NC G.S. 120-166.

The Commission is precluded from making a positive recommendation on the petition for incorporation relative to the proposed Town of Colfax, in accordance with NC G.S. 120-166.(a), unless the municipalities of Greensboro, Kernersville, High Point, and Winston-Salem in accordance with NC G.S. 120-166.(b)(3), express their approval of the incorporation by resolution.

Information sources: The foregoing assessment was based on information contained in the petition, GIS data provided by the Cities of High Point and Greensboro, Tiger line data, and the most recently updated DOT GIS data that was provided by NC CGIA. A buffer analysis (an ArcView GIS utility) was performed on the proposed boundary that was presented on the map attached to the petition. The 1990 Census population values were retrieved from the NC Office of State Planning web site

(www.ospl.state.nc.us/demog/muntot98.html); for municipalities incorporated since the 1990 Census, data was obtained from the most recent certified municipal population estimates from the Office of State Planning at the same web site.

Note: 1

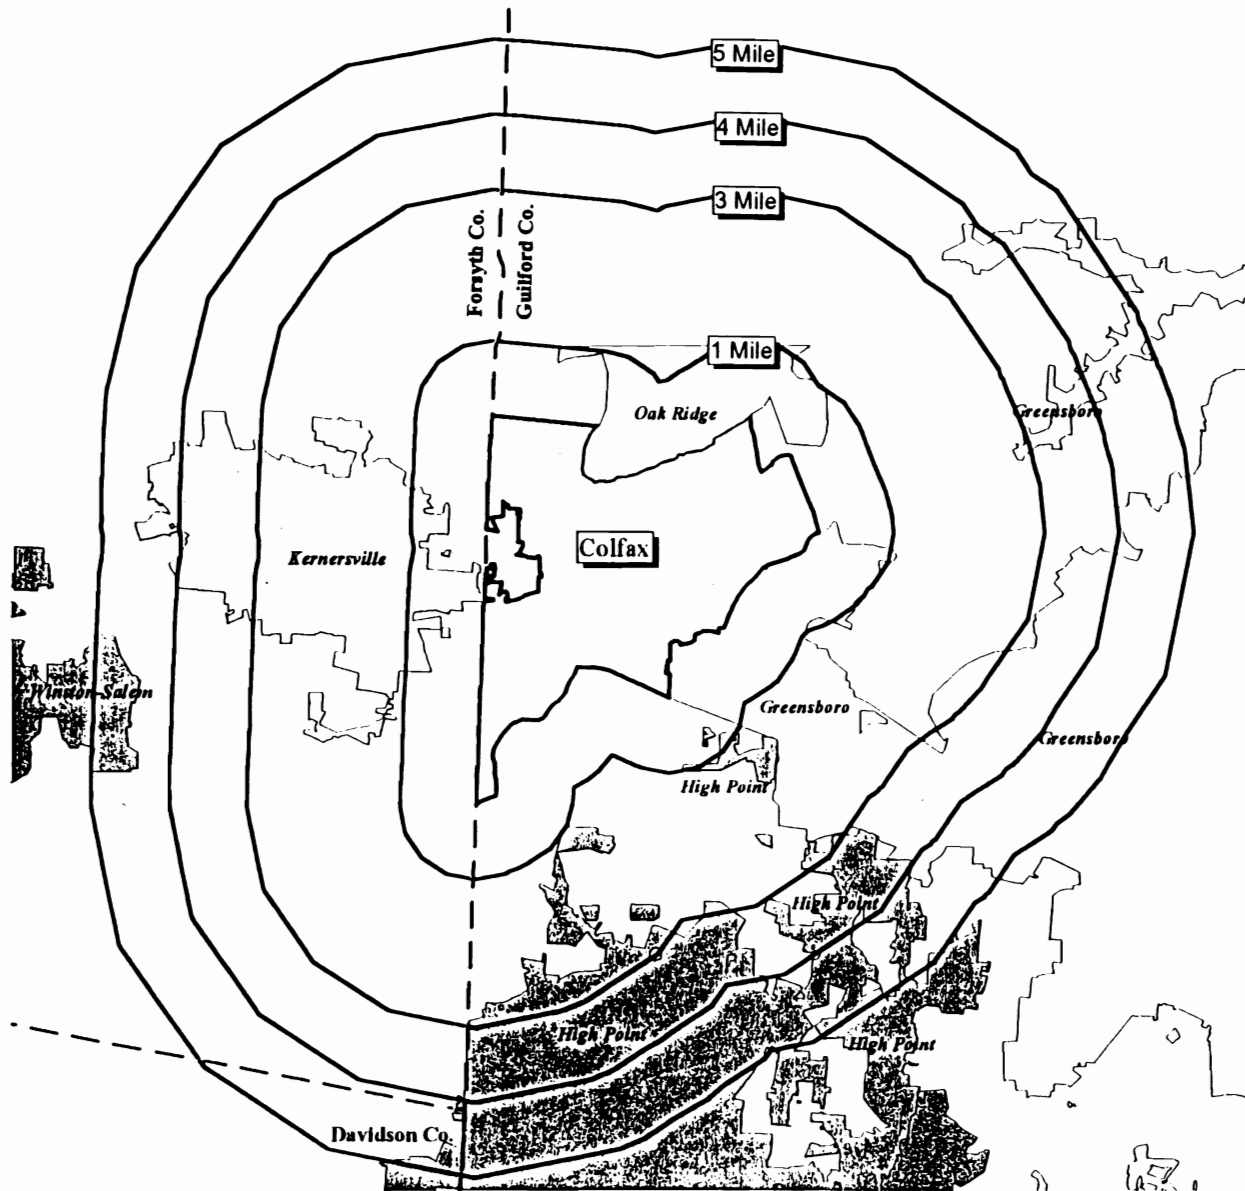

§ 120-166. Additional criteria; nearness to another municipality.

(a) The Commission may not make a positive recommendation if the proposed municipality is located within one mile of a municipality of 5,000 to 9,999, within three miles of a municipality of 10,000 to 24,999, within four miles of a municipality of 25,000 to 49,999, or within five miles of a municipality of 50,000 or over, according to the most recent decennial federal census, or according to the most recent annual estimate of the Office of State Budget and Management if the municipality was incorporated since the return of that census.

(b) Subsection (a) of this section does not apply in the case of proximity to a specific municipality if:

- (1) The proposed municipality is entirely on an island that the nearby city is not on;
- (2) The proposed municipality is separated by a major river or other natural barrier from the nearby city, such that provision of municipal services by the nearby city to the proposed municipality is infeasible or the cost is prohibitive, and the Commission shall adopt policies to implement this subdivision;
- (3) The nearby municipality by resolution expresses its approval of the incorporation; or
- (4) An area of at least fifty percent (50%) of the proposed municipality has petitioned for annexation to the nearby city under G.S. 160A-31 within the previous 12 months before the incorporation petition is submitted to the Commission but the annexation petition was not approved. (1985 (Reg. Sess., 1986), c. 1003, s. 1; 1989 (Reg. Sess., 1990), c. 1024, s. 25.)

~~MARY~~
Dear Representative Jarrell:

The City of Greensboro would like to enter on the public record its opposition to the proposed incorporations of McLeansville and Colfax, which are before your Committee on March 8, 1999. Our Council has passed a resolution opposing any new incorporated towns in Guilford County. The town limits of the proposed incorporation of McLeansville directly abuts our City limits on the east and the proposed limits of Colfax are contiguous on the west. With other recent incorporations this would result in Greensboro being almost completely surrounded by other municipalities. As I am sure you are aware, studies have demonstrated conclusively that cities that become surrounded by smaller municipalities almost invariably go into an economic tailspin characterized by decreased population growth; increased social problems; and decreased service quality with increased taxes, or both. Consequently, the long term fiscal health and quality of life of our City are put at risk with these proposed incorporations.

As the largest city in our County, Greensboro's economic vitality and fiscal soundness are critically important to the entire region. Furthermore, in today's global economy the ability of any region to make decisions as a unified whole is a decided advantage. Every time an additional municipality is incorporated, consensus on major issues becomes more difficult to obtain; this makes our competitive position suffer. It also makes us less effective as agents of the State in carrying out whatever Smart Growth initiatives the General Assembly and Governor might bring to us and in capitalizing upon the economic development benefits of the anticipated FedEx distribution center.

Our City has had a long-standing policy of providing water and sewer services into surrounding areas of potential expanded growth. Presently, the proposals of both these incorporations contain areas where we are already providing water and sewer at great expense to Greensboro taxpayers and would naturally and logically fall in our area of growth. In addition, non-city residents on the periphery of our borders frequently use our parks, recreation and other facilities without paying their fair share of the costs. As these areas become more densely populated and this use increases, it is wise public

policy to be able to annex them. This is a fundamental principal of North Carolina's long standing annexation statutes. The rapid increase in incorporation of areas, which are not municipal in nature, undermines this sound public policy. In addition, newly incorporated towns in Guilford County are perplexed when forced to provide public services for the first time. This creates duplicity of services in the area and has a detrimental effect on our citizens.

In view of the risk of an extremely detrimental affect on our City, our Council asks you make a negative recommendation on these incorporations. Your usual careful consideration of these matters is greatly appreciated.

Very truly yours,

**RESOLUTION BY THE BOARD OF ALDERMEN
OF THE TOWN OF KERNERSVILLE
OPPOSING THE PROPOSED INCORPORATION OF
THE AREA KNOWN AS COLFAX**

WHEREAS, the Board of Aldermen of The Town of Kernersville has been advised that a bill which would incorporate the Colfax community has either been introduced or will be introduced in the current session of the North Carolina General Assembly; and

WHEREAS, the Board of Aldermen believes that the annexation statutes should be viewed as the standard set by the Legislature for defining the point at which an area has developed sufficiently for incorporation; and

WHEREAS, the Board of Aldermen believes that an incorporated municipality exists to provide needed public services, such as police and fire protection, to a group of citizens when growth and development justify such services; and

WHEREAS, The Town of Kernersville has been an incorporated municipality since 1871, is a full service community, and as an incorporated municipality has grown and provided services as the community and surrounding area have developed throughout its existence; that the current population of The Town of Kernersville is over 15,500 persons residing in a 12.02 square mile area; and

WHEREAS, the laws of the State of North Carolina have provided for the reasonable growth of its municipalities through annexation, such growth being based on strict development requirements, in order to assure that the municipalities of this state would remain financially strong and to further assure that the corporate boundaries conformed to the realities of the development which occurs in areas surrounding the municipalities; and

WHEREAS, the proposed incorporation of the Colfax community would create a newly incorporated community in an area near the Forsyth/Guilford County line which may well, economically and developmentally, be an extension of The Town of Kernersville; and

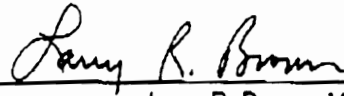

WHEREAS, the Board of Aldermen believes that the General Assembly should not permit the incorporation of areas which other established municipalities are able to adequately serve, and would exist simply as barriers to the natural growth of existing municipalities.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Board of Aldermen of The Town of Kernersville that:

1. The Board of Aldermen hereby opposes the incorporation of any portion of the Colfax community which would neither meet the population density nor the development requirements established by the State of North Carolina annexation statutes for expansion of corporate limits by an existing municipality.

2. The Town Manager is hereby directed to forward a copy of this Resolution to all members of the Forsyth and Guilford County legislative delegations and other persons as deemed necessary to convey the position of this Board.

Adopted this the 6th day of April, 1999.

Larry R. Brown, Mayor

ATTEST:

Diane S. Cook, CMC, Town Clerk

Division of Community Assistance (DCA) staff has reviewed the petition for incorporating the Town of Colfax relative to NC G.S. 120-167 through G.S. 120-170. The following discussion addresses each of these sections of the General Statutes.

NC G.S. 120-167 Additional criteria; population.

NC G.S. 120-167 refers to population and requires that the permanent population must be at least 100. The petition indicates an estimated population of 2,860, which is well in excess of the minimum requirement. The Division of Community Assistance utilized Guilford County Appraisal Data and identified 1,194 dwelling units in the subject area. The 1990 US Census Bureau data indicates an average of 2.44 persons per household for Guilford County and an occupancy rate of 93.79 percent. This suggests that 2,732 persons are likely to reside in those 1,194 dwellings. A population of 2,860 (as indicated in the petition) is certainly a reasonable estimate for the area in question. It appears that NC G.S. 120-167 is satisfied.

NC G.S. 120-168 Additional criteria; development.

NC G.S. 120-168 refers to development and requires that at least 40 percent of the area must be "developed for residential, commercial, industrial, institutional, or governmental uses, or is dedicated as open space under the provisions of a zoning ordinance, subdivision ordinance, conditional or special use permit, or recorded restrictive covenants." (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

DCA analyzed Guilford County Assessment and Land Use Data to determine the degree of development. The analysis considered parcels as "developed" if they had land use characteristics that were residential, commercial, institutional or governmental, industrial, or dedicated open spaces. The analysis used a residential density minimum of 1 unit per 5 acres as developed for residential purposes, the standard used in the annexation statutes.¹ Vacant parcels, forested parcels, or parcels where agricultural use was predominant were considered "undeveloped."

DCA's analysis indicated that 25.5 percent of the subject area is developed (see Table 1 and Map A). It appears that NC G.S. 120-168 is not satisfied.

¹ Reference NC G.S. 160A-41.(2)

Table 1:
Development Relative to NC G.S. 120-168

Land Use	Acres
Commercial	28
Industrial	363
Institutional/Governmental	79
Residential	1,420
Open Space	0
Undeveloped	5,519
Total	7,409
Total Developed Acreage	1,890
% Developed	25.5%

NC G.S. 120-169 Additional criteria; area unincorporated.

NC G.S. 120-169 requires that none of the area proposed for incorporation may be included within the boundary of another incorporated municipality. DCA compared the proposed boundary for the Town of Colfax with the most recently updated Guilford County Tax Map Data as well as the NC DOT geographic information system (GIS) data that was provided by NC CGIA and found no evidence that any of the subject area is part of an incorporated municipality. It appears that NC G.S. 120-169 is satisfied.

NC G.S. 120-169.1 Additional criteria; services.

NC G.S. 120-169.1(b) requires that the area to be incorporated submit a plan for a reasonable level of municipal services. To meet the requirements of this section, the persons submitting the plan for incorporation must propose to provide at least two of the following services:

- 1) Police protection.
- 2) Fire protection.
- 3) Garbage and refuse collection and disposal.
- 4) Water distribution.
- 5) Sewer collection or disposal.
- 6) Street maintenance, construction, or right-of-way acquisition.
- 7) Street lighting.
- 8) Adoption of citywide planning and zoning.

The proposed municipality does propose to provide fire protection and police protection.² It appears that NC G.S. 120-169.1(b) is satisfied.

² The proposed municipality did not include a plan for providing the proposed services.

NC G.S. 120-170 Findings as to services.

NC G.S. 120-170 requires that the proposed municipality provide, at a reasonable tax rate, the services requested by the petition, and that the proposed municipality can provide at a reasonable tax rate the types of services usually provided by similar municipalities. To help quantify this requirement DCA considered the gross property assessment value of the proposed municipality as its tax base. DCA compared the property tax rates, and property tax revenues of ten municipalities that have a population size similar to that of the proposed Town of Colfax.

For fiscal year 1997-98 the average property tax rate and revenue for the comparison communities were \$0.43/\$100 assessment and \$451,122, respectively. In order for the proposed Town of Colfax to generate similar revenues it would have to levy a property tax rate of \$0.32/\$100 assessment (assuming a total assessment of \$141,250,200 and a collection rate of 99.65 percent).

Table 2:
Property Tax Rate and Revenues Comparison

Municipality	Population 1995	Tax Rate/\$100 FY1997-98	Property Tax Revenue
Boiling Springs	2,802	.30	\$333,233
Fairmont	2,577	.69	\$483,260
Grifton	2,540	.57	\$337,332
Landis	2,762	.27	\$345,892
Lowell	2,644	.335	\$500,799
Maxton	2,909	.75	\$414,307
Newport	2,919	.42	\$430,590
River Bend	2,655	.15	\$296,044
Rural Hall	2,561	.23	\$560,542
Warsaw	2,983	.61	\$809,222
Average Tax Rate \$0.43/\$100			
Average Property Tax Revenue \$451,122			

The petition indicated that the proposed town does propose to provide police and fire protection services. The petition also indicated that the proposed town would not levy a property tax rate in excess of \$.20/\$100. The proposed tax rate notwithstanding, the community can provide services at a reasonable tax rate, in comparison to other communities. It appears that NC G.S. 120-170 is satisfied.

Conclusion

It appears that the proposed Town of Colfax does not satisfy the North Carolina General Statute 120-168, but does satisfy General Statutes 120-167, 120-169, 120-169.1(b) and 120-170. **The Commission is precluded from making a positive recommendation on the incorporation of the proposed Town of Colfax relative to General Statutes 120-167, 120-168, 120-169, 120-169.1(b), and 120-170.**³

THE BEST INTERESTS OF CERTAIN CITIZENS OF GUILFORD
COUNTY AND THE LAWFUL PREROGATIVES
OF GUILFORD COUNTY AND ITS MUNICIPALITIES**

WHEREAS, a county should oppose attempted usurpations of its legitimate prerogatives and the legitimate prerogatives of its citizens and towns; and,

WHEREAS, Colfax is a scenic and historic rural community within Guilford County which has long-term ties with Guilford County and communities, towns, and cities within this County; and,

WHEREAS, a small percentage of residents of the Colfax community have expressed an interest in being voluntarily annexed by the Town of Kernersville, a town located in Forsyth County; and,

WHEREAS, it appears very unlikely that the Colfax community would meet the statutory criteria to be involuntarily annexed by Kernersville.

NOW THEREFORE BE IT RESOLVED by the Guilford County Board of Commissioners that it strongly opposes attempts by Kernersville to annex the Colfax community or other areas within Guilford County, because the best interests of Guilford County citizens would not be best served and the legitimate prerogatives of Guilford County and/or its towns and cities would be usurped. This Resolution shall supersede the similar resolution of this Board approved February 11, 1999.

ADOPTED as revised this the 25th day of February, 1999.

**RESOLUTION OF THE TOWN OF SUMMERFIELD, NORTH CAROLINA
IN SUPPORT OF PASSAGE OF NORTH CAROLINA HOUSE BILL 351**

WHEREAS, The people of the Colfax Community have petitioned the State of North Carolina for the right to vote to incorporate their community or not, and

WHEREAS, The Town of Summerfield, North Carolina was incorporated, in part, because it is our belief that communities have the right to protect their historical identity and to provide local control for local issues, and

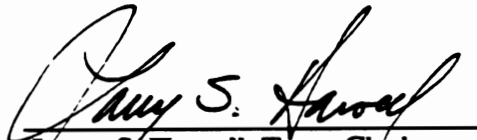

WHEREAS, We believe in the phrase from the Declaration of Independence of the United States of America which states governments are instituted among men, deriving their just powers from the consent of the governed;

NOW THEREFORE, The Town Council on behalf of the Town of Summerfield, North Carolina hereby resolves support for passage of North Carolina House Bill 351 granting the people of the Colfax Community the right to vote for the local government of their choice.

Dear Chairman Cummings:

Thank you for sending me the map dated March 24, 1999, outlining the proposed Colfax incorporation area. The southeastern boundary line that bisects I-40 and follows South Bunker Hill road represents our discussions to define a mutually acceptable line.

The inclusion of language in your incorporation bill which stipulates that the Town of Colfax will not annex south of I-40 also satisfies our other significant concern. I continue to pledge my support to work with Colfax on land use, watershed regulations and other quality of life issues that affect both our communities in those areas that lie within High Point's natural growth area and adjacent to your incorporation boundary.

Lynn, I was very encouraged by our conversation concerning the municipal services that will be addressed through your incorporation. I applaud the wisdom of your committee by anticipating the need to provide substantive services to the Colfax citizens. Your projections for fire services, law enforcement, sanitation and zoning responsibility reflect a realistic attitude about the responsibilities of incorporation.

I am impressed by your enthusiasm and cooperative spirit. It has been a pleasure to work with you to resolve some of the issues involved in your quest. Thank you for your genuine efforts to resolve our concerns.

You have my personal best wishes for your success.

Sincerely yours,

RE: **HB 351**
Letter of Support for Incorporation

Dear Len:

As Mayor of Oak Ridge, I am in full support of the Colfax incorporation effort, **HB 351**. I still believe people should have as much freedom as possible when there is a choice of which local government will represent them. As you know, the North Carolina League of Municipalities holds an entirely different view. The battle to incorporate will be a tough one. I believe the people in Colfax can prevail if you work hard and persist in your efforts. I stand willing to help you in this most important endeavor in any way that I can.

Kernersville will fight you every step of the way, but take them on at every level. When you look at the pollution and hodge-podge development in Kernersville-- you quickly see, we do not need or want them in Guilford County.

Please let me know if there is anything further I can do to assist you in this matter. I can be reached at 644-7009 (Town Hall) or 643-5951 (home) if you would like to discuss this matter further. Thank you for your time and I wish you the best of luck.

Sincerely,

Dear Chairman Cummings:

During the June 8, 1999 Whitsett Town Council meeting, the Council unanimously approved the sending of this letter in support of HB #0351 to allow a referendum for the citizens of Colfax to vote on incorporation.

We recognize that Colfax residents are very concerned about your area's future and much time and effort has been made towards trying to protect and preserve land, area homes and businesses, area character, and history. With the current hurried way of life and rapid development in rural areas, it is becoming more important to small communities to become more independent while trying to protect and preserve those things having significant importance such as waterbeds, land, schools, annexation, zoning, and to be able to provide a safe atmosphere for those persons living in communities like Colfax.

The Whitsett Town Council wishes Colfax the very best on the upcoming HB #0351 vote on a referendum on the incorporation of Colfax. If we can be of further service, please do not hesitate to contact us.

Sincerely,

William D. Whitsett,

Dear Chairman Cummings:

CAPRESS

The Executive Committee of the Piedmont Plateau Group of the North Carolina Chapter of the Sierra Club, representing approximately 800 residents of Guilford County, has approved the sending of this conditional letter of support of HB 0351 to allow for a community wide vote for or against the Incorporation of Colfax.

FOOTHILLS
Winston-Salem

Our conditions for support are that once Incorporated, Colfax will immediately establish and strictly enforce environmental and zoning regulations to protect the watershed area in the Colfax jurisdiction. Also, Colfax will develop and institute zoning and developmental regulations allowing for "Smart Growth" and contain sprawl through the use of clustering development, and an initiative to save green and open space.
